Historical Village

The Caboolture Historical Village has that real hipster vibe paired with interesting structures, buildings, and greenery. This quirky village has endless photographic opportunities, and nothing goes better than a statement bridal entrance car here!

Say "I Do" with our kick-ass crew at the Caboolture Historical Village. Set on 12 acres of rustic bushland at one of the region's most historical sites. The natural vintage backdrop combined with old-world romance and a hint of woodland charm. Sunshine Coast Pop Up Weddings have teamed up with some of the region's best vendors to give you a very unique wedding experience.

Sunshine Coast Pop Up Weddings hosts our weekday wedding packages at this rustic property. We offer two SCPUW packages:
